c. CONTROLLED DISSEM

This marking shall be utilized where source protection, including the protection of proprietary interest for information received from commercial, industrial, academic or similar sources, would warrant limiting the dissemination of the document to intelligence components and officials of other components on a strict interpretation of the need-to-know.

*not accepted
or used*

Document: The dissemination of the document shall be limited to civilian employees and active duty military personnel within the intelligence components of the USIB member agencies, and to other selected components having a demonstrable need for the document. It shall not be disseminated to organizations or personnel, including consultants, under a contractual relationship to the U. S. Government without the written permission of the originator.

Use : The information when combined with other information may be used in a classified finished intelligence document without carrying over the control marking provided the information is paraphrased and is used in a manner which effectively conceals the originating agency, the source, the place acquired, and the manner of acquisition.
